AN IMMERSION IN NATURE

CHOROTEGAS WALK

Discover the ancient spirit of the Chorotegas, the indigenous tribe that inhabited Peninsula Papagayo while exploring the natural surroundings of the resort. Our expert guide will illuminate the wonders of endemic flora and fauna encountered along the way, get your body active and help you connect deeply with nature.

LOOKING FOR MONKEYS

Peninsula Papagayo is home to more than 15 monkey troops of three different species: howler, white-face and spider monkeys. On this tour, join our knowledgeable naturalist guide on a quest to spot as many primates as possible. You may be lucky enough to see some babies amongst the troops! It's a great experience for kids of all ages who enjoy nature and wildlife without a lot of walking.

MAGICAL MANGROVES

Few experiences are more magical than touring the mangroves of Palmares - one of the jewels of the peninsula. Venture into this natural sanctuary, and explore a unique ecosystem of eerie "walking trees" able to survive (and thrive) in salty fresh water, creating a rich refuge for wildlife. Take a relaxing paddle through the mangroves in an outrigger canoe or explore on one of our water bikes for a more strenuous workout.

WILDERNESS HIKE

You never know what you'll encounter in the wilderness of Palmares Preserve, where ecosystems converge. Tucked away from civilization, Palmares provides shelter for a dazzling array of wildlife. If you're lucky (and very quiet), you might even spot a tapir - a rare experience sure to delight for families with kids.
